## Acceptance of Circular Energy as a member of the Paper and Packaging PRO Alliance

Dear Ms Ginindza

On behalf of the PRO Alliance's Board of Directors, I hereby welcome you to the Alliance and look forward to a long mutually beneficial relationship with Circular Energy.

The PRO Alliance, made up of Producer Responsibility Organisations (PROs) in the paper and packaging sector, namely Aerosol Manufacturers Association of South Africa (AMASA), The EPR Waste Association of SA (EWASA), Fibre Circle, Metal Packaging SA (MetPac-SA), PETCO PRO, Polyco PRO, and The Glass Recycling Company (TGRC) now formally includes Circular Energy.

The Alliance exists to ensure collaboration on common and mutually beneficial programmes as per EPR Regulations and acts as a platform for collective decision-making and engagement with Government and key stakeholders.

The attached Memorandum of Incorporation (MOI) articulates our key objectives and order of business. Circular Energy, based on its size in the market is admitted as a Category 2 member as per the provisions of the MOI and its annual membership fees will be 1% of the total budget of the Alliance for that particular year (detailed information in the attached MOI).

Given time of year of your membership, your membership fees will be charged with effect from 1 January 2024 following approval of the 2024 budget and fees by the board of directors on the 24<sup>th</sup> of November 2023. However, joint programmes get approved through the steering committee (made up of PRO CEOs), costs associated with those projects are then shared among members as and when the need arise.

Kindly furnish us with names and contact details of two main focal points for us to update our circulation lists and ensure that you are fully integrated into the Alliance work programme. We are also happy to have an induction session with yourselves at your earliest convenience.

We look forward to working with you.

Yours Sincerely

Doran Modise

Chief Executive Officer
